

Paid Internship/Job Opportunity

What is AgriDoot...?

AgriDoot is a Bhopal-based agritech company enhancing agriculture with technology. It uses GIS-based crop monitoring, AI, and IoT to provide actionable, data-driven insights to farmers. The aim is to reduce farming input costs and improve crop quality and yields. By integrating advanced technology, it moves away from assumption-based practices. AgriDoot strives to make farming more efficient, sustainable, and profitable.

Features

Introduction

NovosEdge Pvt. Ltd. (AgriDoot)

An advanced agritech solution powered by IoT, GIS-based satellite imagery, and AI analytics. AgriDoot delivers crop-specific insights, real-time monitoring, and promotes sustainable farming via a user-friendly app. Validated by IIT Madras and NIT Karnataka, it is incubated by NIAM Jaipur and other government institutions, with associations like SHUATS Prayagraj and CAIE Gwalior (a joint venture of NABARD and RSKV Gwalior).

Paid Internship/Job Opportunity

The program is designed for individuals passionate about agriculture and eager to be part of the revolutionary transformation of farming through innovative technology. It aims to promote AgriDoot's GIS technology and app features to farmers and FPOs. Participants gain hands-on experience in agri-tech, data collection, and crop management.

Overview

The internship focuses on promoting AgriDoot's GIS-based tools, on-field implementation of features like Vyom and Gyan AI, and data collection. Students gain paid experience and certifications, colleges enhance industry ties, and farmers benefit from innovative tools for better yields and cost savings.

Work Process

- Start by promoting the app in your village and nearby areas, focusing on large-scale farmers.
- Expand to distant areas after covering local villages and your block.
- Attend farmer meetings to engage multiple farmers at once.
- Encourage farmers to download the app and create a free 1-acre GIS farm.
- Collect farmers' contact details for follow-ups.
- Motivate farmers to upgrade to paid plans for higher incentives.

Candidate Profile Requirements

- Excellent communication and interpersonal skills.
- Knowledge of agricultural practices and familiarity with local farming communities.
- Ability to travel locally and engage effectively with farmers and shopkeepers.
- Goal-oriented and motivated to achieve targets.
- Basic smartphone literacy to operate the AgriDoot app and record activities.

Special Remarks: No additional TA/DA will be provided to interns during the first three months.

BENEFITS

What You Will Get ?

The internship provides paid experience with agritech tools, a certification to boost employability, and benefits for colleges through enhanced industry connections. Farmers gain access to innovative farming tools for better yields and cost savings. The duration is up to 3 months, with a stipend of up to Rs. 2,500 per month and performance incentives. Certification is issued upon completion.

*** Interns can work from nearby locations of their home/preferred location in India.**

Monthly Breakdown

1.First Month: Create 300 new Free Vyom GIS farms, with a stipend of Rs. 1,500 and Rs. 5 per additional farm.

2.Second Month Target: 350 new Free Vyom GIS farms and upgrade 100 farms from last month.

Stipend: Rs. 2,000 Incentive: Rs. 5 per additional farm.

Renewal Incentive: Rs. 10 for 6-month plan renewals (Rs. 249/acre) and Rs. 20 for annual plan renewals (Rs. 449/acre).

3.Third Month:Target: 400 new Free Vyom GIS farms and renew 150 farms.

Stipend: Rs. 2,500.

Renewal Incentive: Rs. 10 for 6-month plan renewals (Rs. 249/acre) and Rs. 20 for annual plan renewals (Rs. 449/acre).

Special Remarks: No additional TA/DA will be provided to interns during the first three months.

Highlighted Point

Based on your performance and target achievements, you will be considered for promotion to a full-time job with a salary that is among the best in the industry including daily allowances.

Note- Field candidates will promote the AgriDoot app at Krishi Seva Kendras, encourage farmers to create 1-acre farms, and use referral codes. They earn incentives for farm renewals and INR 50 for 10 farms created via shopkeepers, along with distributing promotional materials and sharing GPS-tagged photos.

Benefits of Joining the Program

- Gain real-world experience in promoting agricultural solutions.
- Receive an internship certificate to enhance your resume.
- Earn stipends and performance-based incentives.
- Work from your own locality, minimizing travel.
- Improve your skills and boost chances of securing a high-paying job.
- Build practical knowledge and confidence for agriculture-related interviews.

Why Choose AgriDoot's Internship?

AgriDoot's 3-month Paid internship offers agriculture students hands-on field experience, improved communication skills, stipends, and the convenience of working close to home. Gain practical knowledge, enhance your career prospects, and make a difference in the farming community.
